Kansas State Information

- Kansas State University '13
- Major Political Science (Pre-Law), Minor Military Science
- Pre-Law club
- Trap Shooting Club
- Recondo member

The best experience I have had in ROTC is the three day field training exercise and getting to put into action all the things we learned.

About Me

I was born in Missouri and have lived in Kansas for ten years. I got one little sister going to JCCC for fashion and my parents are still in Paola. I like to go camping, hiking, shooting, fishing and

traveling. I also like almost any western book or movie and I go swimming as much as I can. I drive a ford ranger and travel a lot. I have been to almost every state and Canada. Most of my time is spent outside doing anything fun and adventurous.

Military Experience/Goals

I would like to serve on active duty as an Armor officer. Then later pursue my hopes of getting into law and the political spectrum. I would like to be involved with political activism whether it be with a lobbyist group or a campaign.
